NOTE FOR [REDACTED]

25X1A

This is grist for your mill. The only question I can recall in addition to those listed had to do with the use of our security people to make background checks of industrial and contractor personnel engaged in classified work on our behalf. [REDACTED]

Also, in connection with Item #1, Baker and Morgan were strong in insisting that it must be this way.

With regard to #4, Inouye asked for this memo ^{to be delivered} prior to my confirmation hearing. He also asked that it be the Director's personal views. [REDACTED] is drafting. Please insure this is done on time.

For your information, here is a tentative list of follow-up items from yesterday's Senate Intelligence Committee briefing. We have not seen the transcript, so I am not certain that I caught all of them or that all of those listed require action. I understand you are heading a task force to consider question #1.
